LUCASFILM Ltd

SAMANTHA SANCHEZ

INFORMATION TECHNOLOGY INTERN CANDIDATE

SUMMER 2023

Why Lucasfilm?

INNOVATION

The technology being developed at Lucasfilm is unlike anything I have ever seen. Lucasfilm is known for its use of cutting-edge technology, such as motion capture and computer-generated imagery in its films and projects. I would love to lend my skills to contribute to the company's mission to create world-class stories for audiences to enjoy.

COMPANY CULTURE

Lucasfilm is a company that values creativity, innovation, and inclusion. The company has a long history of using the power of storytelling and technology to make a positive impact on the world. Its efforts to create and maintain an inclusive and respectful work environment, inspire me to be a part of the company.

WORLD-CLASS TALENT

To tackle the most complex problems, Lucasfilm employs world-class experts. I would love to be given the opportunity to work alongside Lucasfilm's professionals and learn more about IT in the entertainment industry. This opportunity will be an excellent experience for me to grow as an engineer. I have great passion and knowledge of Lucasfilm's beloved franchises, and I am always ready to learn something new.
